

Personal Accident Insurance

An accident can occur anywhere and cause injury to you and or those you love and care.

Due to the uncertainty of accidents, we have partnered with Britam Insurance Company Limited to provide a Personal Accident Insurance policy with extensive benefits that will help you ease off just in case one occurs. This insurance will provide cover against death, medical expenses, funeral expenses, loss of limbs, sight and hearing and such other permanent total or permanent partial disablement arising out of an accident.

THE BENEFITS

Death

This benefit is payable in the event of an accidental death to the policy holder. The payment will be made on the cover limits chosen. Payments for death claims will be made upon such death being reported and on production of the relevant document in proof of death.

Permanent Total Disablement

The benefit is payable following an accident resulting in permanent total disablement. This could for example be permanent loss of hands or legs. The amount of benefit under this section will be determined by the severity of the disability and of course to the cover limits chosen.

Accidental Medical Expenses

The policy will provide cover for medical expenses incurred following accidental injury subject to policy limits.

Funeral Expenses

Following accidental death of the insured person, payment in respect to the funeral expenses will be made once the relevant documents have been submitted, subject to policy limits.

How do I get covered?

Fill and sign the proposal form attached and email it to bankassurance@cbagroup.com or drop it off at any our CBA branch customer service stations.
